GitHub: <https://github.com/SyedZayan> | LinkedIn: <https://www.linkedin.com/in/syed-zayanali/>

Objective

Passionate Computer Science student with a solid foundation in software development, backend engineering, and Object-Oriented Programming (OOP). Skilled in Python, Java, and SQL, with hands-on experience in database design, backend logic, and enterprise-level systems. Eager to learn, grow, and contribute to real-world, impactful software projects while developing as a professional developer.

Experience

AI Intern – RAG Chatbots & Automation

July 2025 – Oct 2025

Onsite - Pakistan International Airlines (PIA) Karachi

- Built RAG-based chatbots for accurate, grounded LLM responses.
- Developed WhatsApp AI assistant for FAQs, lead capture, and agent handoff.
- Implemented retrieval pipelines (chunking, embeddings, vector/hybrid search, reranking).
- Reduced LLM hallucinations through grounded retrieval techniques.
- Integrated AI solutions with enterprise knowledge systems.

Poultry Dashboard Management System – Python, SQL, HTML/CSS

June 2025 – Jan 2026

Poultry Farm - Poultry International

- Developing a management system for a renowned poultry farm, focusing on backend & UI integration
- Implementing role-based access control & automated financial reporting
- Designing real-time data processing & database management using SQL Server
- Generating reports for sales, inventory, payments, and cash flow
- Collaborating with a team, leading backend development and database structuring

Projects

Digital Polling System (*Java, DB Browser, MVC Architecture*)

- Developed a secure voting system with user authentication & database storage
- Applied OOP concepts for scalability

Raaz Encrypt – Secure Messaging App (*Python, SQLite, Tkinter*)

- Built an encrypted messaging app with user authentication
- Designed a Tkinter-based GUI for usability

Education

Bachelor of Science in Computer Science (BSCS) 5TH Semester* **2024 - Ongoing**
Department of UBIT, University of Karachi

Intermediate – Computer Science **2021 - 23**
Government Degree Boys College, Karachi – A Grade

Matriculation - Science **2019-21**
Prince Aly Boys High School, Karachi – A Grade

Courses and Certificates

Certified AI, Metaverse, and Web 3.0 Developer & Solopreneur (WMD) **2024 - Ongoing**
Governor House Karachi *Currently in 4th Quarter*

- Next.js, TypeScript, Tailwind CSS – Early-stage learning in modern frontend development
- Python Agentic AI (Upcoming – Q3) – Exploring AI-driven automation & agent-based systems

Web Development using PHP & Laravel **Aug 2021 – Dec 21**
Aptech Learning Pakistan

- Built PHP & Laravel-based web applications with MySQL integration
- Worked on server-side programming, authentication & session handling

Responsive Web Development **June 2020 - Aug 21**
Aptech Learning Pakistan

- Developed responsive websites using HTML5, CSS3, JavaScript
- Enhanced UI/UX with Bootstrap & jQuery, built SPAs with AngularJS

Skills & Abilities

Programming & Development

- Python (Flask, SQLite) | NextJS | Java (OOP, MVC) | SQL Server | HTML | CSS | JavaScript

Software & Tools

- MS Office (Word, Excel, PowerPoint)

Soft Skills

- Problem-Solving | Communication | Leadership | Project Management
